QUALITY PRODUCTS SINCE 1946

Cressi's legacy of innovation began in 1939 with two brothers who shared a passion for the sea and a gift for technical design and working with their hands. Egidio and Nanni Cressi began by crafting masks and spearguns that would allow them to move and hunt more efficiently in the waters near their home. By 1946 their designs and products had become so popular they founded the Cressi company in Genoa, Italy. Today, although Cressi is a worldwide leader in water sports manufacturing, it is still wholly owned by the Cressi family, and the commitment to innovation is still in the company's DNA. It has a long history of groundbreaking product development, and has often been the first to bring product advancements to the market.

This history of innovation is also made possible by a commitment to manufacture products in Italy at the Cressi facility. An investment in the latest manufacturing equipment and more than 16,000 square meters of roofed space, and the ability to have the designing and manufacturing process happen side by side has led to the absolute highest standards for quality. It also allows Cressi engineers to quickly develop, test and incorporate the latest materials and technologies.

Innovations continue, the results today are the same as they were in the beginning, the most advanced and best made products in the world.

CRESSI / Research, Development and Proprietary Exclusive Design

For the past decade, Cressi has dedicated itself to pioneering advancements in snorkeling and swimming technologies. With a relentless commitment to innovation, the company has focused on crafting products that elevate aquatic experiences. By developing proprietary and unique molds, Cressi has ensured precision and quality in every design. These molds serve as the foundation for creating equipment that offers unmatched performance and comfort.

The company's research and development teams have worked tirelessly, merging cutting-edge technology with decades of expertise in underwater sports. From high-performance snorkels to ergonomically designed fins and masks, every product reflects

Cressi's pursuit of excellence. This journey has not only enhanced safety and efficiency for divers but also brought the joy of underwater exploration to a broader audience.

Cressi's dedication to detail and innovation sets it apart, making it a trusted name among professionals and enthusiasts alike. Over the last 10 years, the brand has transformed the snorkeling and swimming landscape, cementing its reputation as a global leader in aquatic gear.

BLUE CRESSI / WARRANTY FIT

Cressi's extensive experience in the world of aquatic sports stands as a testament to the exceptional performance of its products. With decades of expertise, the company has mastered the art of creating high-quality gear that enhances every underwater adventure. This foundation of knowledge ensures that each product meets the highest standards of performance, quality, and comfort.

Every Cressi product is meticulously designed to support the needs of swimmers, snorkelers, and divers, combining advanced technology with ergonomic designs. From masks that offer unparalleled visibility to fins that maximize propulsion, Cressi's equipment is engineered for excellence. This commitment to quality guarantees

reliability in even the most challenging aquatic environments.

By prioritizing user comfort and functionality, Cressi continues to inspire confidence in both professional divers and recreational enthusiasts. The brand's reputation for innovation and durability reflects its unwavering dedication to enhancing underwater experiences. With Cressi, every dive becomes an exploration supported by products you can trust.

CRESSI

VISION

To inspire a lifelong love for the ocean by creating innovative, safe, and fun snorkeling and swimming gear that connects young families and children to the magic of underwater exploration.

MISSION

To empower families and kids with high-quality, comfortable, and eco-conscious products, designed to make every aquatic adventure safe, accessible, and unforgettable. We aim to cultivate curiosity and respect for the underwater world while fostering joyful experiences for all skill levels.

YOUR PASSPORT TO UNDERWATER EXPLORATION!

This encapsulates the brand's commitment to providing families and children with the tools they need to embark on exciting underwater adventures, nurturing curiosity, and creating memories that last a lifetime.

SNORKELING GEAR

- 100% HIGH QUALITY SILICONE PARTS
- PREMIUM MATERIAL
- TEMPERED LENSES
- TRUSTABLE STRAP SYSTEM

Cressi's snorkeling gear is crafted with high-quality silicone for maximum comfort and durability, ensuring a snug and secure fit for all users. Our masks feature tempered, impact-resistant glass, providing clear vision and enhanced safety during underwater adventures. Designed with families in mind, the trusted buckles on our fins make adjustments effortless, even for young explorers.

Every product combines innovation and ease of use, prioritizing children's safety without compromising performance. Whether it's the softness of the silicone, the strength of the glass, or the reliability of the buckles, Cressi delivers the perfect balance of functionality and comfort.

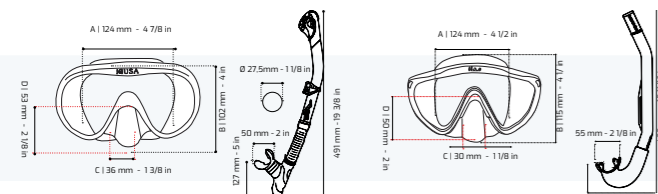

SWIMMING GEAR

Discover the reliability of swimming gear crafted with precision and care in Italy. Our products are designed to deliver unmatched performance, combining innovation with traditional Italian craftsmanship. Made with premium materials, they ensure durability, comfort, and safety for swimmers of all levels.

From beginner-friendly designs to advanced options for professionals, every piece is engineered to support confident and enjoyable swimming experiences. Trusted worldwide, our Italian-manufactured gear embodies quality and attention to detail.

*"Trusted by parents and loved by kids, Cressi ensures every underwater journey is **safe, fun, and memorable**".*

DESIGNED AND MADE IN ITALY

Cressi is proud to announce an **85% REDUCTION** in its environmental impact by transitioning from traditional plastic packaging to more **eco-friendly alternatives**.

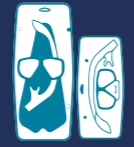

Our new packaging is less bulky than clamshell designs, making it convenient for storage and transportation. Additionally, we've reusable protective cases for swim goggles, ensuring **long-lasting protection while reducing waste**.

This significant step aligns with our commitment to protecting the oceans and preserving the environment for future generations.

By adopting sustainable packaging, we ensure that our high-quality products not only enhance your aquatic adventures but also contribute to a healthier planet. With every purchase, you support a cleaner, greener future, reinforcing the connection between exploration and conservation. Together, we're making waves for a better tomorrow.

Previous Packaging:

1. Utilized significantly more plastic due to the clamshell design.
2. Occupied more space in shipping because of the higher volume required for clamshells.

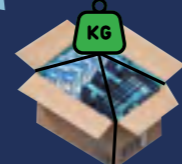

Old Plastic ClamShells

Bulkier and Heavier = Fewer Units per Box, Inefficient Transport Costs, and Higher CO2 Emissions

New Smarter Packaging:

1. Uses plastic bags, reducing plastic usage by 80% and waste compared to traditional clamshells or large cardboard boxes.
2. New design enables more units to fit in the same shipping box, improving shipping efficiency and reducing CO2 emissions from transportation.
3. Features a reusable and repurposable bag, promoting sustainability.

Compact and Lighter = More Units per Box, Optimized Transport Costs, and Reduced CO2 Emissions

80% LESS PLASTIC

There is also a new goggle packaging design created specifically using certified plastic from recycled bottles.

Clean energy for the sea

Our company cares to preserve the planet reducing its environmental impact from his energy sources to the wasting materials; In 2019 we have converted the entire Genoa headquarters and its production facilities at renewable energy sources and we are reducing the consumption of plastics and non-recyclable and polluted materials in packaging.

PET recycling in the circular economy

Recycling plastic brings significant benefits to the environment, because it makes possible to create new objects in high quality recycled. This reduces the demand for raw materials, requires less energy to process and reduces the amount of plastic that ends up in landfills.

Two 1.5 litre recycled water bottles used to make this box

ALL CRESSI DOCUMENTS YOU NEED, READY IN YOUR: BLUE.CRESSIAMERICA.COM DEALER SUPPORT AREA

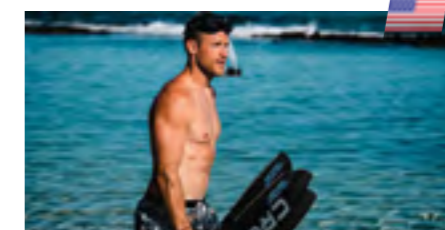

ASIA BRYNNE

@ asiabrynne

I picked up my first disposable film camera at the age of 8 and never stopped shooting. The ocean is a place away from all of the noise, where you don't have to use words, time doesn't exist, and you can share space with animals. Being underwater is a break from the busyness of life.

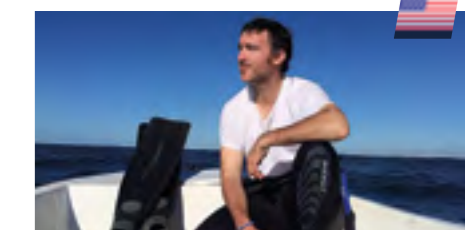

BROOKS LAICH

@ brookslaich

He's a Canadian former professional ice hockey forward. He played over 750 National Hockey League games. Brooks is a multi-athlete and a sports lover, so what better way to kick off the day? A little snorkel session when the water is calm and fishes and turtles are active.

CRAIG O'CONNELL

@ thesharkdoctor

I'm from a small town located several hours from the ocean. But I always had a fascination with the ocean, a fascination that really came to fruition during my first shark encounter in the Florida Keys when I was 14. My free diving and scuba career began and has been growing ever since.

THE BUCKET LIST FAMILY

@ thebucketlistfamily

The Geef family, just a typical family working from all over the world as Family Travel Journalists! Their story began in 2015, when they decided to sell everything and leave home for a trip around the world. They started an Instagram and YouTube channel called The Bucket List Family.

VOYAGES OF AGAPE

@ voyagesofagape

Agape is a 1984 Tavaya Vancouver 42', hull #93. "Agape" means unconditional love. She is a true blue water cruiser, and has already seen much of Mexico, the South Pacific, and beyond. For us Agape is home. She is safe and trustworthy vessel that will ferry us to the less seen places of the world.

BECOME THE NEXT CRESSI AMBASSADOR!

Are you passionate about exploring the underwater world and sharing its beauty with others? Dive into an exciting journey with Cressi Snorkeling Blue Line! As an ambassador, you'll represent a brand built on heritage, innovation, and a love for the seas since 1946. Inspire others to embrace the ocean, promote sustainability, and showcase the magic of snorkeling with gear crafted for adventure. Tell your story, and become a part of the Cressi family.

PACKAGING

The Baron is the version of Duke with a different case pack (cardboard box instead of the reusable bag) and a more simplified aesthetic, but with identical features that differentiate it from other face masks on the market.

The Duke-Baron project has required in-depth studies of the design and circulation of both inlet and exhaust air, in order to solve the usual problems in these masks in competing models and make the Cressi face mask especially safe in any situation. The valveless design guarantees a large supply flow,

unthinkable in other similar models, especially in case of fatigue or stress. The evacuation of the exhalation is channeled in separated ductwork that prevents the accumulation of carbon monoxide in the breathing zone.

The air circulation in Baron is clearly superior to that of any other mask on the market. Tested in the laboratory of the Engineering Department of the Milan Polytechnic, where the results exceeded any expectations.

TINO & ISLAND 2.0

TINOS MASK + ISLAND 2.0 SNORKEL

The Tino & Island 2.0 combo suits both novice and experienced snorkelers. The Tino mask has a broad teardrop-shaped tempered glass lens for clear underwater vision, a hypoallergenic silicone skirt with a dual-edge seal for comfort, and an adjustable split strap. The Island 2.0 boasts a streamlined tube and a flexible, easy-to-clear mouthpiece for comfort during extended use, a wide diameter tube for unhindered breathing, and a secure fixed keeper to prevent loss while snorkeling.

PACKAGING

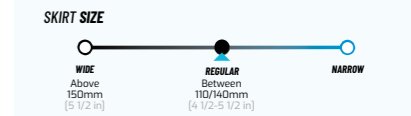

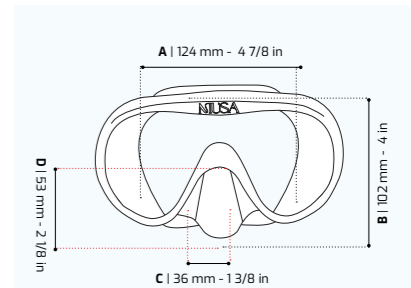

MUSA

FRAMELESS MASK

TECHNICAL FEATURES

- Low volume
- Lightweight
- Single lens
- Tempered glass lens
- Fast-adjusting buckles
- High grade silicone seals bonds directly to the lens for lower weight and reduced drag

Cressi's Size Chart is to be used as a reference only

Musa is a frameless mask that boasts a low internal volume while offering a wide field of view in all directions. The specific design uses the assembly of the silicone skirt directly over a single tempered glass, guaranteeing superb sturdiness and the perfect watertight seal. The low weight of the mask makes it ideal for packing and travel. The flexible fit and reduced drag are appreciated for freediving and spearfishing,

snorkeling and diving. Making this mask a fantastic choice for any occasion. Additionally, the single tempered glass lens offers a wide field of vision, allowing the wearer to enjoy the underwater world when spearfishing, snorkeling, or scuba diving. The micro-metrically adjustable buckles are comfortable and effective, making adjusting the MUSA quick and easy.

TONGA

SHORT ADJUSTABLE FINN

BLACK/BLUE

BLACK/PINK

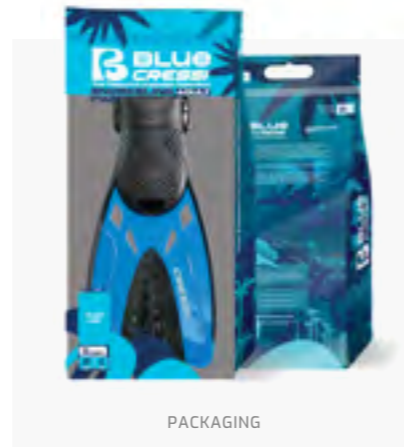

BLACK/BLACK

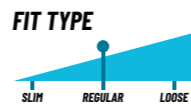

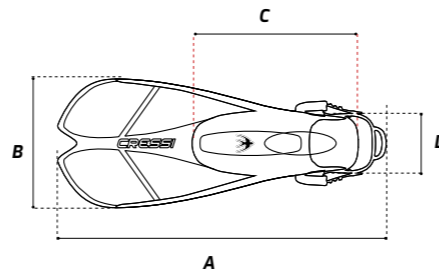

The Cressi Tonga are short open heel fins with adjustable straps to use both outdoors and indoors. They are ideal for travelers thanks to their dimensions and light weight. The buckles have a special design to ensure robustness and long use. The fin strap features a large thumb loop to make easy the donning and doffing. It is also practical to hang them on a hook. The foot pocket is made of a rubber material that makes donning comfortable and easily adapts to different shapes of feet. Being an open foot pocket fin with an adjustable strap, it adapts to different shapes of feet and can also be shared between different people who have a similar size. The composite design of the blade provides comfortable finning and helps to reduce leg cramping. The fins come with a practical net bag ideal for rinsing the fins after use and removing any sand.

TECHNICAL FEATURES

- Adult short adjustable snorkeling fins
- Adaptive and comfortable foot pocket made in rubber
- Adjustable strap length
- Buckle specially designed to ensure robustness and long use
- Short blade, ideal for travel

DOUBLE INJECTION PERSONALIZED STRAP

FIN DETAILS

NEWLY REDESIGNED BUCKLE SYSTEM. INCREASED STURDINESS AND LIFESPAN

The Bonete fins are short, open-heel fins with adjustable straps. The redesigned buckle system increases the sturdiness and ensures a long lifespan. The fin strap features a large thumb loop for easy donning and doffing. They can also be hung on a hook for drying. The foot pocket is made of a rubber material for comfort and adapts to all feet. This open-foot pocket fin comes with an adjustable strap, which allows it to be shared between different people in a similar foot size-range. The composite design of the blade provides comfortable finning and helps reduce leg cramping. A practical net bag is included with the fins, ideal for rinsing them after use and removing any sand. The fins are ideal for travelers due to their compact dimensions and light weight.

PACKAGING

The Rocks Pro Dry Set is Cressi's answer to the price conscious parents who need reliable snorkel equipment for their kids for vacation use. We offer with this line the solution for adventurous kids who need decent quality for all day use in the pool or in the ocean. The Rocks Mask lenses are made from tempered glass and the dual window design provides excellent and a wide field of vision. Mask has an easy-to-reach nose pocket for ear equalization. The skirt is made in quality silicone, a material softer than traditional PVC that is very comfortable and ensures a perfect seal. The Rocks Snorkel features the splash guard designed to prevent splashed surface water from entering inside the snorkel barrel. The soft and replaceable

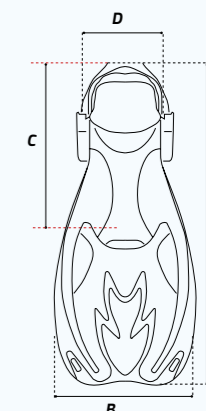

silicone mouthpiece, in combination with the flex tube section, allows for hours of comfortable snorkeling fun. The one-way purge valve below the mouthpiece allows and water in the tube to drain-rapidly. The snorkel comes complete with an easy-to-use snorkel keeper for attachment to the mask strap. Soft and comfortable vented open heel foot provides excellent power and energy saving efficiency. A practical net bag is included in the set. adventures that will last all day.

The Tinetto & Mini-Island combo offers a straightforward and dependable choice for young snorkelers. The Tinetto features a single-tempered glass lens and user-friendly buckles for strap adjustments. Its silicone skirt ensures a perfect seal and the split head strap ensures comfortable wear. The Mini-Island snorkel is designed to minimize tube and mouthpiece bends for easier clearing.

It includes a secure, built-in snorkel keeper for attachment to the mask, preventing loss while in the water. The silicone mouthpiece reduces jaw fatigue, and the wide-diameter snorkel tube ensures unobstructed breathing.

SKYLIGHT

The Skylight swim mask has an innovative frame design, unique to Cressi. This mask uses mono-lens technology, ensuring maximum comfort without the irritation of a regular goggle. The innovative shape of the frame delivers a maximized peripheral view. The lenses are manufactured with an internal anti-fog treatment, are scratch-resistant, shatterproof, and 100% anti-UV. The lenses are available in the mirrored and tinted versions,

perfect for outdoor use. The silicone strap provides a secure and stable fit on the face for long periods in the water. Our patented easy-adjustable buckle system has made it among the very best, for many years. If you are looking for the ultimate swim mask in the market, the Cressi Skylight is the mask for you.

TECHNICAL FEATURES

- Mono-lens technology ensures maximum comfort without the irritation of a regular goggle
- Maximized peripheral view
- Internal anti-fog treatment
- Scratch-resistant and shatterproof
- 100% anti-UV
- Silicone strap provides a secure and stable fit
- Patented easy-adjustable buckle system
- Perfect for open water and recreational swimming
- Available in mirrored and tinted lenses for outdoor swimming.

GALILEO

WITH TEMPERED GLASS LENSES

The only swim goggles with tempered glass lenses! The Galileo has marked a new era in the sector of swimming goggles - perfect for any experience level. Their flat lenses are embedded in a rigid frame, as in underwater masks, guaranteeing perfect vision without any distortion while underwater. The soft skirt ensures a watertight seal as well as comfort. The strap is equipped with Cressi's patented quick adjustment system, similar to that used in the prestigious Cressi dive masks. The unbreakable lenses have an external anti-scratch and anti-UV treatment and an internal anti-fog treatment. See for yourself the difference a Cressi goggle can make!

CLEAR

PURE SILICONE SWIM GOGGLES WITH MOLECULAR ANTI-FOG LENS TREATMENT EYES

Cressi's Clear Eyes swimming goggles are a true masterpiece of technology and design, conceived to offer superior performance compared to other models in the range. The body of the goggles is made of hypoallergenic silicone, chosen for its exceptional comfort and safety, minimizing the risk of allergic reactions during prolonged use. The Clear Eyes' bi-material frame has been carefully designed to ensure an optimal waterproof seal. This frame combines durable and flexible material to adapt to various face shapes perfectly, resulting in a secure and comfortable fit. The lenses are made with an innovative, patented design by Cressi, featuring a clip fastening system that allows the thickness of the frame to be reduced to a maximum of 1mm, considerably widening the field of vision, almost as if the frame had been eliminated. In addition, the Clear Eyes lenses have been subjected to an advanced anti-fog treatment in the laboratory, which makes them significantly more resistant to fogging than other lenses in the Cressi range. This treatment guarantees crystal-clear visibility in all swimming conditions.

Furthermore, these lenses have been designed to be more resistant, protecting the eyes from UV rays and shocks. The seals have been designed using an avatar with Western facial features, taking into account the curve of the nose bridge and eye sockets. This makes the flexible rubber nose bridge extremely adaptable; its flexibility allows the goggles to conform better to the face, increasing comfort and improving the fit, optimizing it for a wide range of users. Like all Cressi products, Clear Eyes goggles feature the micrometric strap adjustment system, a revolutionary design that Cressi introduced, patented and launched on the market over 20 years ago. Perfect for both serious and recreational swimmers looking for the best in terms of comfort, adaptability, and visual performance, Stream goggles are ideal for those who want to push their limits in the water with maximum safety and comfort.

FLASH

ADULT SIZE
COMFORTABLE & PERFORMANCE

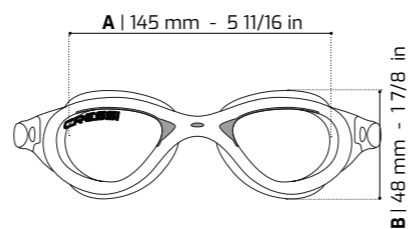

MAN

The Flash goggles are characterized by an elastic nose bridge, which allows for perfect adaptability to a large number of facial profiles. The lenses are slightly inclined at 18° to follow the natural shape of the human face and increase the field of view. They are also shatterproof and offer UV ray protection. An internal anti-fogging treatment prevents fog during use. The eyes gaskets are made with hypoallergenic, high-quality TPR to ensure comfort and a perfect seal. The double-strap is made of silicone to ensure

a perfect fit without over-tightening. The Cressi-patented buckle system makes adjusting the strap effortless. Easy replacement of strap and buckle system. The Flash are versatile goggles, ideal for recreational swimming and competition, as well as both indoor and outdoor use.

TECHNICAL FEATURES

- Comfortable leak proof eye gasket
- Flexible nose bridge fits various facial profiles
- Split strap made of soft and flexible silicone
- Eyes gaskets made of hypoallergenic, high-quality TPR
- Micrometrically adjustable buckles easy to reach

 silicone

Vortex are innovative swimming goggles designed to offer unparalleled comfort and versatility. Their unique construction is co-moulded with two materials: TPE and a semi-rigid compound for durability and strength. This combination of materials allows perfect adaptability to different facial profiles thanks to the elastic element integrated in the frame. The Vortex lenses are slightly curved on the outside to widen the field of vision,

maximising visibility under water. They are treated against scratches and have an anti-fog inner coating to ensure clear vision in all conditions. Vortex goggles are also equipped with micrometric adjustment buckles patented by Cressi for a long twenty years. These goggles are ideal for swimmers seeking the highest quality and functionality.

LIGHT

SPECIFICALLY DESIGNED FOR TRAINING AND BUILDING MUSCLES

TECHNICAL FEATURES

- Increased speed
- Improved leg strength and flexibility
- Improved body motion & position
- Improved racing technique
- Anatomic foot pocket
- Short blade

MAXIMUM FLEXIBILITY

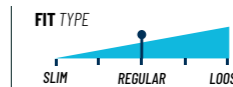

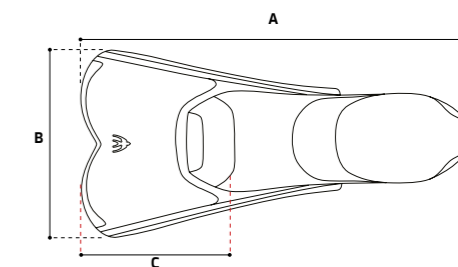

The Light fins are specifically designed for pool use and for swim training, but can also be used adequately for recreational swimming and snorkeling. The short blade is made of a highly reactive and light material which guarantees agile and effective kicking without tiring out your legs. The length of the blade has been researched and

studied by Cressi to ensure perfect muscle training without causing cramps or discomfort. The anatomically designed foot pocket is made of soft rubber elastomers, and it houses the foot with a great deal of comfort, even during long swimming sessions.

MINI COBRA

The Mini Cobra is designed for kids, for swimming and enjoying the sea. Made of silicone, a better and longer-lasting material than plastic PVC. This material is more comfortable and allows a perfect fit for most facial profiles. The mask is made with a single-piece skirt that is characterized by the presence of an elastic element within

the structure that allows a better fit than other goggles. The lenses are shatterproof and made with an Anti-Scratch, UV Protection, and internal Anti-Fog treatment.

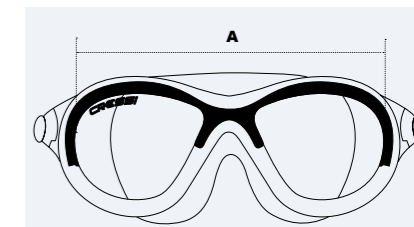

TECHNICAL FEATURES

- Mask style swim goggles
- Skirt and strap made of hypoallergenic silicone
- Micrometrically adjustable buckles easy to reach
- Wide polycarbonate lenses
- Anti-UV, anti-fog, anti-scratch lenses
- Split strap

KING BALOO

BALOO

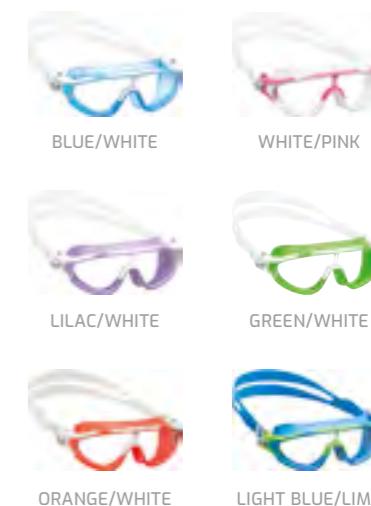

The Baloo is the best seller mask in the Cressi swim line for kids, designed with extreme comfort in mind. The mask has a flexible frame, a watertight fit, and easy adjusting buckles that make it the most comfortable and easy-to-use children's swim mask on the market today. It is perfect for swim lessons and is the ultimate in aquatic eye protection. Because the lenses are curved,

children do not feel claustrophobic. In addition, they are shatterproof, have an internal anti-fog treatment and are kid safe. The Baloo mask is the perfect solution for kids ready to experience the aquatic world.

TECHNICAL FEATURES

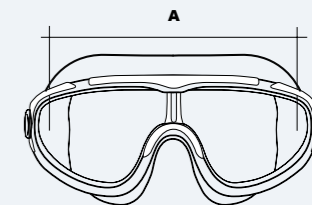

- Mask style swim goggles
- Skirt and strap made of hypoallergenic silicone
- Micrometrically adjustable buckles easy to reach
- Wide curved lens to ensure a wide view and prevent claustrophobia while underwater
- Anti-UV, anti-fog, anti-scratch lens

ADJUSTABLE NOSE BRIDGE

STAR FISH

PIUMETTA

AGE 3-7

Piumetta is the mask especially made for young people that love to discover the underwater world. It is particularly suitable for snorkeling and swimming. It has separated polycarbonate lenses, a soft face skirt, with internal seal ring that fits to most facial contours, providing a high level of comfort. The internal volume is very small, good for going deep underwater. It is made from soft transparent silicone, and comes with strong rapid action buckles to adjust the strap.

TECHNICAL FEATURES

- Mono-lens style mask
- Polycarbonate lens
- Micrometric adjustable buckles
- Double feathered skirt edge
- Skirt and strap made of hypoallergenic silicone
- Split strap

PIUMETTA

MOON

AGE 5-10

The Moon is a small mask suitable for children. The mask is really more comfortable, compared to the traditional swim goggles, and are ideal to be used in the swimming pool even in the sea with a snorkel. The two lenses have a design that follows the natural shape of the face drastically increasing the field of view. They are made with anti-scratch and anti-fog treatment. They also protect the eyes against the dangerous UV sun rays.

The skirt is made of hypoallergenic TPR, a soft material that ensures comfort. The front frame is made of very flexible plastic and, in combination with the TPR, the mask ensures

a perfect seal and adapts to most shape faces. The nose pocket is easy-to-reach for ear equalization if the child swims below the surface of the water.

The buckles are the same used in the Cressi premium scuba diving mask and allow the user to easily adjust the strap length without effort.

TECHNICAL FEATURES

- Swim mask style
- Polycarbonate lens
- Micrometric adjustable buckles
- Skirt and strap made of hypoallergenic silicone
- Split strap

JELLYFISH
PROTECTION

One-piece swimsuit for little children ideal for any kind of water activity. It is a must-have for the swimming pool or to go snorkeling in the sea. The sides, the collar, and the sleeves are made of Elastane, an elastic fabric that works like a second skin, protecting against the harmful sun ray (UVA - UVB) and jellyfishes. The front and the back part are made of 1.5 mm Neoprene to ensure warmth and to offer an extra protection against cold, perfect in case of prolonged water exposure or in windy days. The front zip

(made of the quality YKK) makes easy the donning and doffing. The Swimsuit is designed for kids between 2 to 10 years old, refer to the size chart to get approximately the most suitable size for the child. The product is like a second skin, it is normal to feel it tight when worn. Rinse with clear water and let completely dry after use.

SUN & COLD PROTECTION

MANDATORY IN SWIMMING POOL CLASSES!

NEW IMPROVED INTERNAL ABSORBENT FABRIC. HYPOALLERGENIC AND WASHABLE.

BLUE

PINK

The Babaloo reusable swim diaper is so cute, and it is a requirement to attend swim lessons and all water-related activities. Don't need an additional diaper. It will help the baby feel protected and babies have a reusable swim diaper that fits comfortably while enjoying time in the water. It is ideal for swim lessons. Nothing ruins learning to swim like having an accident while in the pool or poolside. The diaper's elastic waist and leg bands and waistband-drawstring provide a snug and secure fit without the discomfort of a diaper that is too small. This stops

from leaking out of the diaper in case of an accident. This prevents embarrassment from the child as well as a lengthy cleanup from pool staff. It offers an excellent protection from cold and sun: UV 50+ UPF protection. The plush material is comfy for the bottom and the legs and waist sides are super stretchy. Cressi has a helpful size chart to choose the right size.
